

HOW TO ANSWER QUESTIONS

كيفية الإجابة عن أي سؤال

Sobhi Aboulouz

Free knowledge site

نشر العلم فضيلة

1

READ AND THINK DEEPLY

- READ ALL QUESTIONS
- DONOT BE PANIC
- RELAX AND ASK ALLAH TO HELP YOU
- BELIEVE IN YOUR SELF
- SUCCESS IS YOUR TARGET
- SURE YOU WILL SUCCEED WITH HIGH SCORE

2

STRUCTURE AND FUNCTION

- ALL QUESTIONS DEPEND ON STRUCTURE AND FUNCTION
- BASIC SCIENCE +EVIDENCE BASED KNOWLEDGE+ WELL DOCUMENTED ANSWERS

3

ANATOMY

- DEVELOPMENT, NORMAL AND ABNORMAL
- PRENATAL ANATOMY
- NEONATAL, CHILDHOOD ANATOMY
- ADOLESCENT AND PUBERTAL
- VIRGINS AND UNMARRIED
- REPRODUCTIVE AGE FROM MENARCHE TO MENOPAUSE
- PREGNANCY, PUERPERIUM AND LACTATION
- CONTRACEPTIVE USERS
- PREMENOPAUSE AND CLIMACTERIC
- MENOPAUSAL POSTMENOPAUSAL ANATOMY
- GERIATRIC ANATOMY
- PREOPERATIVE, OPERATIVE AND POSTOPERATIVE
- POSTSURGICAL ANATOMY(PELVIC OR ABDOMINAL)
- Post radiation anatomy
- Pathological anatomy
- New organs, organ transplantation ,grafts and gender trans changes
- Female, male ,and intersex
- Cadaver, in vivo, endoscopic, image, (US, MRI, CT SCAN, MRI X RAY).

4

ANATOMY

- GROSS, MACROSCOPIC ANATOMY
- MICROSCOPIC ANATOMY
- ULTRASTRUCTURE, ELECTRONMICROSCOPY
- NEAR BY ORGANS AND RELATIONS
- BLOOD , SUPPLY AND ANASTOMOSIS, COLLATERALS, INNERVATION, AND LYMPHATICS
- ANIMATION AND SIMULATORS
- HUMAN AND ANIMAL COMPARATIVE
- DIAGRAMS, COMPUTER AND RIBOTT

5

anatomy

- Cadaver fresh SB, old death, mummified, postmortem anatomy
- Living in vivo
- Sonoanatomy 2D, 3D, 4D, DOPPLER
- CT SCAN anatomy
- MRI anatomy
- Endoscopic, laparoscopic anatomy
- Exploratory, open laparotomy
- Maldeveloped organs anatomy, congenital
- Inflammatory anatomy + adhesions
- Pathologic anatomy (benign, or malignant)
- Post surgical organ removal, reduction, reconstruction, repositioning, anastomosis, and grafting
- Synthetic grafts, donor grafts or organs, xenografts, blades, wires, metal implants
- New organ transplantation
- Gross anatomy, microanatomy, ultra structure (electron microscopy)
- Obstetric anatomy (fetus, placenta, membranes, liquor(amniotic fluid) decidua and pregnant uterus, puerperal uterus lactating uterus)
- Neovascularization, angiogenesis, collaterals, and anastomosis,

6

TO ANSWER AN OBSTETRIC QUESTION

- MATERNAL GENERAL AND GENITAL
- FETUS, PLACENTA, CORD, MEMBRANES, DECIDUA, AND AMNIOTIC FLUID
- BOTH FETAL AND MATERNAL
- TRIMESTER OF PREGNANCY
- DURING LABOUR AND STAGES
- POST ABORTAL ANATOMICAL CHANGES
- PUERPERAL CHANGES
- DURING LACTATION OR NON LACTATING
- EXTERNAL ,INTERNAL, PRIMARY, AND SECONDARY SEX ORGANS INCLUDING THE BREAST
- HUSBAND, FAMILY , AND CHILDREN

7

OBSTETRIC QUESTIONS

- PRECONCEPTION
- IMPLANTATION
- EARLY PREGNANCY
- TRIMESTERS
- PRETERM PREGNACY, AND OR LABOUR
- CLINICAL VIABILITY
- ANTENATAL, INTRANATAL, AND POSTNATAL
- PUERPERIUM
- CONTRACETION AND MARRITAL RELATIONS
- FOLLOW UP FOR BOTH NEWBORN AND MOTHER

8

PREGNANCY

- SPONTANEOUS
- ASSISATED REPRODUCTION ART/IVF
- WANTED,OR UNPLANNED
- ILLEGAL, CRIMINAL ,RAPE
- NORMAL PREGNANCY
- ABNORMAL PREGNANCY
- INTRAUTERINE, EXTRAUTERINE, HTEROTOPIC
- MOLAR , TROPHOPLASTIC GTT
- SINGLE, PLUARAL, MULTIFETAL PREGNANCY
- ASSOCATED MATERNAL DISEASE
- MISSED ABORTION, IUFD

9

OBSTETRIC DIAGNOSIS P,P,P,P,P,P,P,P,P,P

1. PARITY PG, MUTIPARA, GRAND MULTIPARA
2. PERIOD OF PREGNANCY LMP, US,TRIMESTER FIRST, SECOND, THIRD
3. PRESENTATION LONGITUDINA VERTIX, CEPHALIC, BREECH, TRANSVERSE/ OBLIQUE CORD PRESENTATION
4. PLACETAL LOCALIZATION
5. POSTION LOA, LOP, ROA, ROP,TRANVERS., FACE, BROW, COMPLEX
6. PV FINDINGS
7. PREGNANCY COMPLICATIONS MATERANAL AND OR FETAL
8. PREVIOUS OPERATIONS, CS, HYSTEROTOMY, HYSTERORRHAPHY, TRANSVAGINAL CERCLAGE, TRANS-ABDOMINAL CERCALGE, TRACHELORRHAPHY, TRACHELOECTOMY, CONIZATION, CAUTERY, CURETTAGE D AND C, MYOMECTOMY, METROPLASTY, HYSTEROSCOPY, PERFORATION, VAGINOPLAST, NEOVAGINA REPAIR, SLING OPERATIONS, URINARY VVF REPAIR, STRESS INCONTENECE OPERATIONS PELVIC BONE SURGERY, POLIO SURGEY ETC.
9. PATIENT IN LABOUR OR NOT, EARLY, LATE 1CM- 10 CM
10. PELVIC CAPACITY ADEQUATE, SATISFACTORY, CAPACIOUS, BORDERLINE, GENERALLY CONTRACTED, CEPHALOPELVIC DISPROPORTION, INLET OR OUTLET
11. PLANE OF MANAGEMENT, HOSPITALZATION, OUTPATIENT, ICU, ELECTIVE CS, INDUCTION OF LABOUR, TOCOLYSIS

10

The Uterus is divided into 3 organs

- The body, corpus, upper segment
- The isthmus, the future lower uterine segment
- The cervix, (external os, internal os, cervical canal)

11

Any question

- Introduction
- Definition
- Incidence
- Prevalence and biostatistics
- Sex male, female , Intersex
- Aim
- Protocols for management, evidence based and guidelines
- Conclusion
- Comment
- Complications
- Prevention and early detection
- screening
- How to avoid , or how to minimize
- Follow up
- Rehabilitation, better style of life,
- References
- Diagrams, illustrations

12

Any operative management

- Preoperative preparation
- Preoperative prophylaxis
- Preoperative investigations
- Consent and counselling
- Audit, team and board recommendations
- Intraoperative technique
- Postoperative care
- Fluid replacement, blood, and plasma transfusion
- Care of urinary catheter, and drains
- Postoperative ICU, resuscitation, recovery
- Postoperative complications immediate, or remote
- Early feeding, early ambulation, breathing and limb exercises
- Pain relief, killers
- Complications of anaesthesia
- Histopathology of any tissue removed
- Clear, medical report
- Care of the wound, sitch removal
- Follow up program
- When to return to work, sex, pregnancy, labour method,
- Rehabilitation, better style of life,
- Vacations, documentation

13

COMPLICATIONS

- Medical diseases, & disorders
- Complication of anaesthesia
- Allergy anaphylaxis, idiosyncrasy
- Overdose,
- Complication of blood transfusion
- Drug induced
- Electric burn
- Financial, costs, economic, insurance, loss of job
- Social, sexual, divorce, & political
- Psychological
- Litigation, & court
- Preoperative
- Intraoperative
- Postoperative
- Fetal
- Maternal
- Avoidable
- Unavoidable
- Minor
- Major
- Morbidity
- Mortality
- Handicapped, loss of organ function, organ transplantation
- Intended, inadequate care

14
